## ABOUT ME

I am a 25-year-old web developer passionate about crafting engaging online experiences. Since starting my programming journey in 2021, I've focused on building responsive websites using React.js for frontend and Node.js for backend development. Relocating to Europe has strengthened my adaptability and cultural awareness, complementing my professional growth.

## EXPERIENCE

### Full-stack Developer
Dunno • Nov. 2023– Present

Develop and maintain full stack web applications using JavaScript/TypeScript, React/Next.js, and CSS/Tailwind CSS on the frontend, along with Node.js, Express.js, PHP(Laravel) and PostgreSQL on the backend. Focused on delivering efficient and scalable solutions.

### Rental Staff
Riml Sports • Nov. 2024– May 2025

As a seasonal ski rental employee, I assist customers with ski equipment in a fast-paced, customer-facing role. I manage stressful situations effectively while improving my German through daily interactions.

## PROJECTS

### Front-End Developer at the Pet Palace Project
Academic Project • February - April 2024

- Participated in team meetings and contributed to frontend development with React, focusing on product rendering, filters, and shopping cart orders to enhance the e-commerce user experience.
- Developed and maintained backend features with Express.js, ensuring smooth integration between the client and server sides of the application.
- Integrated Auth0 for secure authentication, ensuring data protection and seamless access.
